What makes this product unique

General

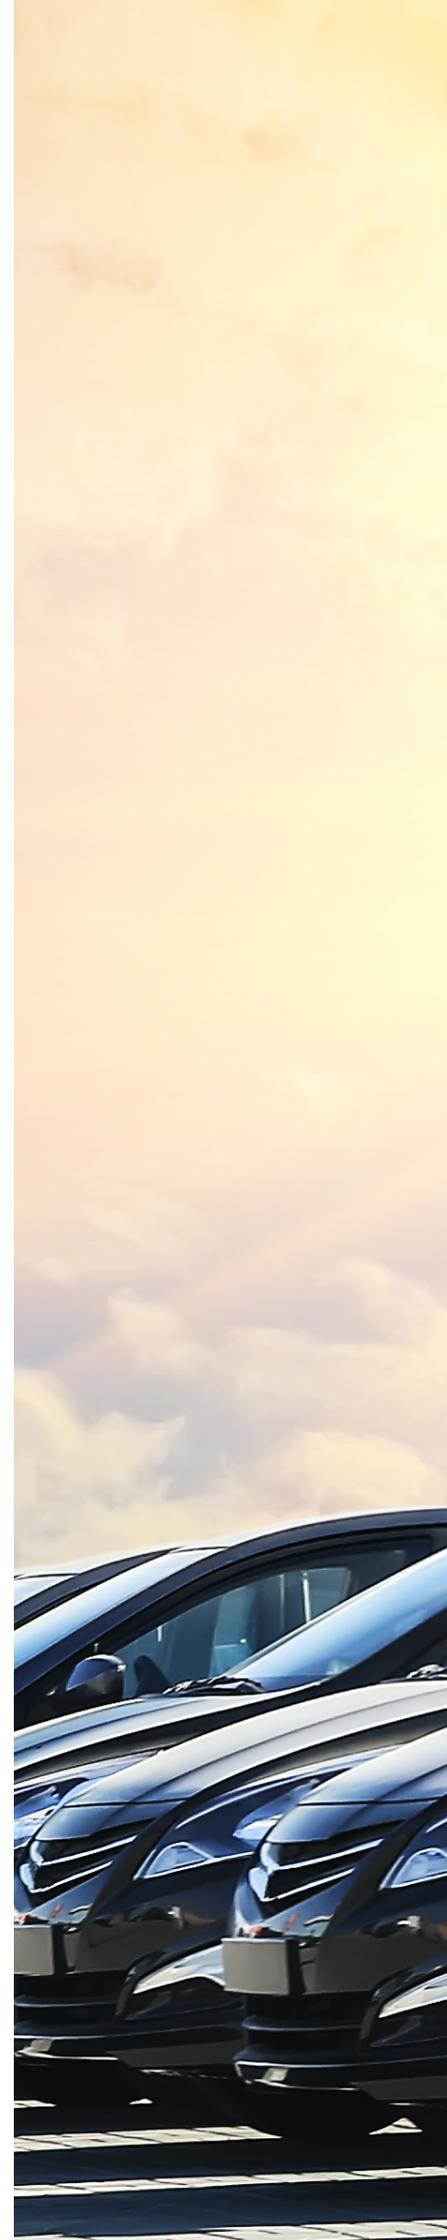

- 50% deposit premium structures offered
- Flexible excess structures available
- Ground up cover with no requirement for self-insured funds
- Ability to handle the copious claims associated with large fleets
- Death benefit for drivers and co-drivers
- Driver salary benefits

Claims

- Accident scene reconstruction specialists utilised for third party recoveries
- Dedicated salvage department to expedite salvage recovery and disposal from salvage contractors
- Extensive panel of reputable assessors
- In-house legal department dedicated to recoveries with high success rate
- A digital video and real-time collaboration platform to fast track claims by eliminating the need for completed claim forms, repair quotations or assessment at an assessment centre

What else do we have to offer

- We offer a fatigue and distraction management system (Seeing Machines) which is installed into your vehicles and linked to a control centre to prevent accidents. This would reduce premiums and excesses
- This system can be purchased up front or financed and the monthly subscription can be added to your premium
- Seeing Machines is an advanced camera technology system that monitors the driver's eye closure rate and head position and when safety parameters are exceeded an audio alarm and seat vibrator are activated immediately to alert the driver and you will be alerted of the incident via the control centre so that you can make contact with the driver
